

BIOROLES®

18 Zone

Door Frame Metal Detector

BS-24A-B

Features :

Alarm Sound, Light, IN/OUT Counter

Maximum Sensitivity: >10g Metal

Power Consumption : 12 Watt

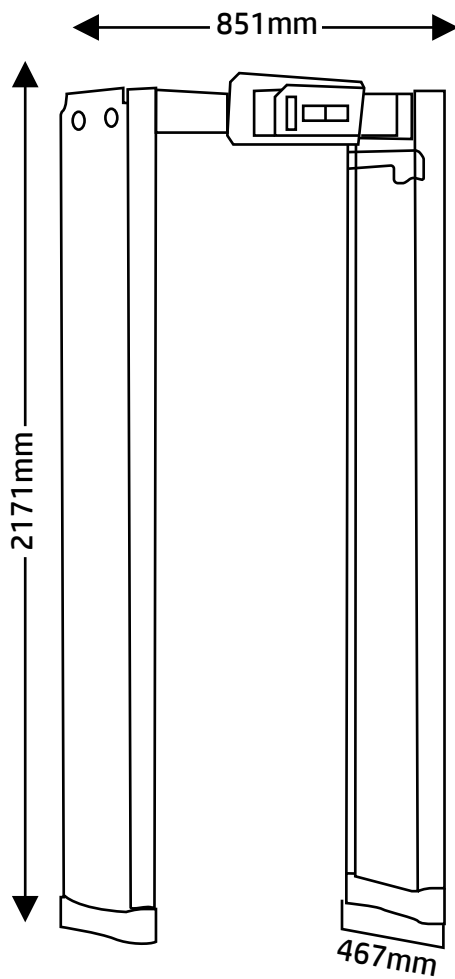

Detection Time: 50-60 Person/min

Multi zone Technology

Dimension :

Specification:

- * LED digital control box
- * Dimension: 2171x467x851mm
- * Channel size: 2021x368x716mm
- * N.W./G.W.: 40kgs/45kgs
- * Working Humidity: 99%, no condensation
- * Working Temperature: -20-85°C
- * Input: AC 100V-240V/50HZ-60HZ
- * Detection sensitivity: 0-200 levels
- * 50 optional working frequency bands
- * Fault code indication function
- * With LED body position indicator
- * Battery backup Optical

Application :

Metro

Hospital

Mall

Airport
